

To the Ocean County Mayors' Association,

Thank you for giving me a scholarship as the representative from Barnegat Township. As an aspiring political science major, and by extension, a politician, I am deeply humbled to receive a scholarship presented by the local leaders of Ocean County. Hopefully, I will one day be in the same position, where I can give a scholarship to another aspiring politician, who, like me, still believes that there are some honest politicians out there trying to do some good. That is why I want to enter darkness, and hopefully my 4 years at Washington and Lee University will properly prepare me for it. Thank you again!

Best,  
John Narashinski
