

Dear Ocean County Mayors' Association,

6/2018

Thank you very much for the generosity involved in the Ocean County Mayors' Association Scholarship. The endowment is unbelievably beneficial and gracious, and I am in deep gratitude for this award. I would like to assure you that it will undoubtedly be put to good use through my pursuit of a mathematics degree from Stevens Institute of Technology. Due to my selection for this scholarship, the cost for this degree has decreased, and will make the debt more manageable. To reiterate, please know the appreciation I feel towards the Ocean County Mayors' Association, which will ultimately result in the advancement of my education and the bettering of my future.

Sincerely,
Alexis Fryc
